handed out hand sanitizer and pens to the Council. President Sheldon thanked Chief McFalls and Marysville Fire for their continued community support.

4) Tulalip Police Department Monthly Report

Chief Sutter asks the Council to look at the reports included in their agenda packet to see that crimes against people are down, property crime did not change. Those numbers will change next month as we have received more calls to report property crime or theft at the retail centers. This number will begin to increase as we have reopened to full capacity, criminals will naturally increase. With that, TPD has continued to work with Home Depot, SPO, and Walmart to discuss loss prevention/deterrents and policy changes. Cameron Reyes, Property Management, asks if TPD can increase activity to reduce overnight camping in the parking lots. Chief Sutter announced that the department received a grant to providing funding for the purchase of a drone and training. They have reached out to the Quil Ceda Village GIS team to schedule a meeting with Chris Wright to assist with that. Once training is complete, the officers will be FAA certified drone operators.
