6) Lease Income

Lease Income. Need clarification on how lease income is distributed. Costs are incurred but income is sent fully to the natural resource fund. TTT Business Committee needs to address this issue. Business Committee will bring the legal team in to address this and come to a final resolution.

7) Retail Center Phone Billing

Tulalip Tribes Coordinated Dialing Plan. Powerful phone system that can handle 7,500–10,000 phone numbers. Tulalip uses about 3,000 phone numbers now. Handling the prefix number is creating some difficulty. All nine numbers have to be dialed. Great future need for more numbers with growth and new businesses.

Council needs to establish RTC rate for the Tenant phone use. Plan thru Verizon. Sample bills presented. Board is not in favor of back billing tenants for our delay in implementing the billing system. A billing system needs to be in place for future tenants.

8) Village Charter

We need to review who we are why we established the Village and what the scope of the Village is. Let's clarify it and identify the direction that the Village is going. This will be referred back to the Full TTT Board of Directors. Draft a list of items that need to be addressed.

9) Next Village Meeting: August 19, 2003 @ 9:00 a.m.

Motion made to adjourn the Village Council meeting at 11:00 a.m.
