8) Contract for Quil Ceda Village Branding Positioning Approach
Discussion: John McCoy

Steps regarding branding approach have been submitted. The entrepreneurial budget is not needed and these funds can be used for this expense of $65,500.00.

Motion made by Mel Sheldon to enter into a contract with Northwest Strategies (Strategies 360) to begin the branding process.
Seconded
Discussion: Is this within budget or are you asking for an allocation? Yes, this is within the budget but it will replace the funds set aside for the entrepreneur program. Northwest Indian College is providing the entrepreneurial program to Tulalip at no cost.

9) Financial Statement-FYI
Discussion: John McCoy; Marlin Fryberg; Les Parks; Stan Jones

The Village departments are running within budget. What can tax dollars be used for? Essential
government services mean salaries, maintenance, building, fire, safety, police, roads, parks & recreation,
etc. The Village budget has not needed to supplement the current budget with any tribal hard dollars.
The Trading Post only has one tenant. Tribal members have not stepped forward to use the spaces in the
Trading Post. There is no synergy in the Trading Post. Bringing in non-members will be needed to help
these businesses succeed. Council is willing to give one year to staff to turn this around.
